The City uses funds to report on its financial position and the results of its operations. The operation of each fund is accounted for with a separate set of self-balancing accounts established to record the financial position and results of operations of a specific activity. Financial activities are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The City maintains the following three major fund categories:

- ❖ Governmental Funds – are used to account for most of the City’s basic tax supported services.
- ❖ Proprietary Funds – are used to account for services for which the City charges customers – either outside customers or internal departmental units within the City
- ❖ Fiduciary Funds – are used to account for resources of which the City is acting in a fiduciary capacity as a trustee or agent.

# FLEET MAINTENANCE

## FY 2021 BUDGET SUMMARY

### Allocation Method & Calculation:

Fleet Maintenance expenses are allocated to all departments who use its services. Police Department does not use Fleet services as they are using an outside service provider. However, they are allocated for the cost of fuel their fleet uses. At the beginning of each month each department submits to the Public Works Department odometer readings for each of their vehicles. For budgeting purposes, FY 2019 mileage is used to calculate the allocation by department. For this budget, the amount subject to be allocated is \$439,822; of that amount \$261,628 is estimated to be the cost of fuel to be allocated. So the allocation is done first on the fuel cost wherein all department with mileage reading will be charged proportionately. The "Fuel" column below represents fuel allocation by department. The column "All Other ISF Costs" represents all costs minus the amount allocated cost of fuel in the fuel column. Since Police Department does not use the fleet services, their mileage are not used or considered in the second allocation. Below is the calculation of the fleet allocation.

# TRANSIT FUND

## FY 2021 BUDGET SUMMARY

Department Overview:

The Transit division operates the RidgeRunner Transit System, which provides transportation within the City and its surrounding areas. Funding for this program is primarily from a restricted share of the State sales tax as well as a small share from passenger fares. Sometimes we receive grants from FTA (5311 & 5339), and the State Transit Assistance program (STA), and a new funding source called “State of Good Repair” from SB-1. The system also receives reimbursement from Kern County for the cost of providing transportation to those who live outside the city limit. The system operates a fixed route system within the city limit and a combination of fixed route – demand system for outside the city limit.

Budget Notes:

- Budgeted an FTA 5339 capital grant for \$117,031 which will be used to purchase a new bus for \$137,684
- Budgeted \$60,000 for Routematch

# CAPITAL PROJECTS FUND

## FY 2021 BUDGET SUMMARY

### Department Overview:

The Capital Projects Fund accounts for the construction projects of the City. These projects are Streets projects, Bike Lane projects, Municipal Facility and parks projects, Sidewalk projects, and Traffic Signal projects. Funding for these projects comes from federal and state grants, proceeds of the bonds issued by the City, General Fund (Measure V), to name a few. Budgeting for the capital projects is usually done when funding sources are secured and all necessary council approval is acquired. Since most projects take time, those that are not completed either literally or administratively by the end of the fiscal year, the balance of their budgets are rolled over to the next fiscal year.

### Budget Notes:

# MEASURE V FUNDING

## FY 2021 BUDGET SUMMARY

### Department Overview:

Measure V is a local option sales tax measure that was approved by the voters on November 2016, allowing the City of Ridgecrest to increase its sales tax to 1% for a term of 8 years. This measure superseded Measure L, which was also approved by the voters and had allowed the City to collect a sales tax of .75%. Measure L ended on March 31, 2017 and Measure V became effective the next day, on April 1, 2017. Both Measure L and Measure V are earmarked for Public Safety and Streets & Roads Maintenance purposes. Since Measure V is allocated to Police and Public Works in General Fund (Fund 100), streets and roads maintenance which is in Gas Tax Fund (Fund 102), and streets construction which is in Capital Projects Fund (Fund 118), this page will summarize all of them together by expenditure category as well as by functions. With Measure V revenue being tracked in General Fund, any “streets related” funding is shown as an interfund transfer. Lastly, a table will show how many employees by department are funded by the measure.

### Budget Notes:

- Budgeted to use \$2,049,878 of the Measure V reserves
- Capital purchase budgeted
  - Police Department
    - \$200,000 – Purchase (4) patrol vehicles
  - Public Works Department
    - \$12,000 – Software – AutoCAD
  - Streets Department (Division 4216)
    - \$145,000 – 2<sup>nd</sup> crackfill machine
- Budgeted \$1,020,000 in streets repair materials

Fiscal Year 2021**

**Appropriations Limit**

**BACKGROUND**

The voters of California, during a special election in 1979, approved Article XIII-B of the California State Constitution (also known as Proposition 4, or the “Gann Limit Initiative”), which restricts the total amount of appropriations allowed in any given fiscal year from the “proceeds of taxes”.

In 1980, the State Legislative added Section 9710 to the Government Code that required the governing body of each local agency to establish, by resolution, an appropriations limit for the following year. The appropriations limit for any fiscal year was equal to the previous year’s limit, adjusted for population changes and the change in the U.S. Consumer Price Index (or California per Capita Personal Income, if smaller). The necessary statistical information is provided each year by the California State Department of Finance.

In June 1990, the voters modified the original Article XIII-B (Proposition 4/Gann Limit) with the passage of Proposition 111 and its implementing legislation (California Senate Bill 88). Beginning with the 1990-91 appropriations limit, a City may choose annual adjustment factors. The adjustment factors include the growth in the California Per Capita Income or the growth in the non-residential assessed valuation due to construction within the City, and the population growth within the County or the City. Under Proposition 4, if a city ends the fiscal year having more proceeds of taxes than the Limit allows, it must return the excess to the taxpayers within two years (either by reducing taxes levied or fees charged).

**CALCULATION OF LIMITATION**

## **RIDGECREST'S APPROPRIATIONS LIMIT AND THE FUTURE**

The following table provides an analysis of the City of Ridgecrest's appropriations limit. As seen in the below table, the City's appropriations have remained well below the Appropriations Limit. With such a significant margin, the provision related to the return of taxes clearly does not apply to Ridgecrest at any time in the future. The decrease in appropriations subject to the limit is indicative of the recessionary nature of the national economy and the negative housing market on Ridgecrest.

**DEPARTMENT: ENGINEERING**

The Public Works Department for the City of Ridgecrest is requesting that the encroachment permit fee schedule be updated both in format and fee amount.

According to the Ridgecrest Municipal Code 14-2.7 - Fees.

"Before issuing an encroachment permit, the City Manager, or his/her designee, shall require payment of fees pursuant to a construction master fee schedule established, and amended from time to time, by the City Council by way of resolution." (Ord. No. 14-04, § 2)

Our current encroachment permit does not adequately list all items of encroachment with respective fees. We currently have an "other" category with a blank dollar figure attached. This is not beneficial to both the City and the permittee. It is confusing to both, in which there is no set dollar amount for "other" encroachments.

We have added three other commonly seen encroachment items with a respective fee: Residential Driveway, Commercial Driveway, and Traffic Control Plan.
