Budget Overview and Process

BUDGET OVERVIEW

The City of Ridgecrest adopts a budget on an annual basis to set the strategic direction for the upcoming year. Beyond the dollars and cents discussed in the budget, it serves as a policy tool, operations guide, financial plan, and communications device.

Policy Document: As a policy document, the budget demonstrates service delivery and programs for the upcoming year. The Budget includes Purchasing Policy which provides the foundational principles by which the budget is formulated and implemented.

Operations Guide: The Budget provides the funding level by department, down to the line item detail. Budget narratives and corresponding financial information for each department show the focus of the department, funding history, and upcoming projects and goals.

Financial Plan: As a financial plan, The Budget gives the reader a history of the expenditures by department, revenue trends, changes, and challenges.

Communications Device: The most important role of The Budget is to provide the reader with an understanding of the City's revenue, expenditures, strategic priorities, and overall direction.

BUDGET PROCESS

The annual budget is one of the most important and informative documents city officials will use. In simple terms, the city's budget is a financial plan for one fiscal year. The budget shows estimated expenditures (items or services the city wishes to purchase in the coming fiscal year) and the resources that will be available to pay for those expenditures. The budget also authorizes the city to spend money and limits how much money can be spent.

The City of Ridgecrest's fiscal year begins July 1st and ends June 30th. The City uses a decentralized budgeting system, where each department is responsible for creating and managing its own budget, instead of relying on a centralized finance division to manage everything. This allows for greater flexibility and autonomy, as well as a more nuanced understanding of each department's unique needs and challenges. This, combined with a zero-based budgeting method, results in a more thorough and thoughtful budgeting process, as it forces each department to critically evaluate and prioritize their expenses, and to come up with creative solutions to achieve their goals within their allocated budget. While the administration and implementation of the budget process occurs continuously, budget preparation generally takes place over a six (6) month period from January through June.

January: City Manager and Department Heads begin to discuss upcoming funding sources, planned projects, and necessary changes for the upcoming fiscal year. Council provides the Finance Director a list of any items they would like included in the upcoming budget. These items are then discussed at a Finance Committee meeting.

Budget Overview and Process

February: City staff that are responsible for the budget preparation attend a Budget Kick-Off meeting to discuss the budget process timeline. Each department separately meets with the City Manager and Finance Director for a mid-year discussion of the status of the current year budget as well as any key budget assumptions for the upcoming fiscal year.

March-April: Departmental budgets are entered by the departments. Payroll budgeting is entered by Finance.

May: Departments meet with City Manager and Finance Director to review entered estimates for the current budget and entered budget for the upcoming fiscal year. Departments put together their PowerPoint presentations for the City Council Budget Workshop. The Budget Workshop was held on the 3rd Tuesday of the month.

June: If needed, a second Budget Workshop would be held at the beginning of June. The Budget is adopted by the City Council.

Budget Overview and Process

BASIS OF BUDGETING

All of the funds are budgeted using the modified accrual basis of accounting in accordance with budgetary accounting practices. In modified accrual, revenues are recognized when they become measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, long-term compensated absences are recorded only when payment is due.

BASIS OF AUDITING

The audit, as reported in the Annual Comprehensive Financial Report, accounts for the City's finances on the basis of generally accepted accounting principles (GAAP). GAAP is defined as conventions, rules, and procedures necessary to describe accepted accounting practice as a particular time. The modified accrual basis of accounting, a GAAP approved method, is also used in the audit for all funds except the Proprietary Funds. The Annual Comprehensive Financial Report shows all the City's funds on both a budgetary and GAAP basis for comparison.

BUDGETARY BASIS OF ACCOUNTING

There is no difference in the basis of accounting used for financial statements and the accounting method used for budgeting. The budgetary basis of accounting for budgeting purposes is also modified accrual.

Overview of Major Revenue Sources

OVERVIEW OF MAJOR REVENUE SOURCES

The City of Ridgecrest, like many municipalities, derives its revenue from a variety of sources that fund essential services and infrastructure. The major revenue streams include property tax, which is levied on real estate and personal property; transient occupancy tax, which is collected from visitors staying in local accommodations; and franchise fees, which are payments from utility companies for the use of public rights-of-way. Additionally, sales tax contributes significantly to the city's income, further bolstered by Measure V and Measure P add-on sales taxes. Each of these revenue sources plays a crucial role in maintaining and enhancing the quality of life for Ridgecrest residents.

PROPERTY TAX

Property tax is imposed on both real property, such as land and buildings, and tangible personal property within the City of Ridgecrest. This tax is assessed by the County Assessor at a standard rate of 1% of the property's assessed value. While the tax is collected by the County of Kern, the City of Ridgecrest receives approximately 5% of this revenue, as allocated by the County of Kern - Auditor/Controller's Office. This allocation provides a critical source of funding for various municipal services and infrastructure projects, ensuring the city can meet the needs of its residents and maintain its public facilities.

Overview of Major Revenue Sources

TRANSIENT OCCUPANCY TAX

Transient Occupancy Tax (TOT) is imposed on occupants of hotels, motels, inns, tourist homes, and other lodging facilities for stays of less than 30 continuous days. This tax is added to the customer's lodging bill at a total rate of 15.75%. Of this, 5.75% is allocated to the Ridgecrest Area Convention and Visitor's Bureau (RACVB). In recent years, TOT collections have funded various economic development initiatives, including the RACVB, the Chamber of Commerce, and the City's Community and Economic Development program, as well as other city services.

FRANCHISE FEES

Franchise fees are payments made by utility companies to the City of Ridgecrest for the privilege of using public rights-of-way for their infrastructure, such as pipelines, cables, and transmission lines. These fees are typically negotiated as part of franchise agreements and are based on a percentage of the revenue generated by the utility companies within the city. The collected fees contribute to the City's general fund, supporting essential services such as public safety, street maintenance, and parks and recreation. By charging franchise fees, Ridgecrest ensures that utility providers contribute to the upkeep and improvement of the public infrastructure they utilize, thereby benefiting the entire community.

SALES TAX

Sales tax in Kern County is set at 7.25%, which includes allocations to the state and county funds. However, the City of Ridgecrest has two additional voter-approved measures, Measure V and Measure P, each adding 1% to the base rate. Measure V, enacted in November 2017. Measure P was approved in November 2022. Consequently, the total sales tax rate in Ridgecrest is 9.25%. This additional revenue supports local services and initiatives, with the funds from Measure V and Measure P directly contributing to the City's financial health and community development efforts. The detailed allocation below shows that, of each sales tax dollar, significant portions go to the State General Fund, State County Realignment, and Ridgecrest-specific taxes, ensuring a steady flow of resources for both state-level and local needs.

MEASURE L/V SALES TAX

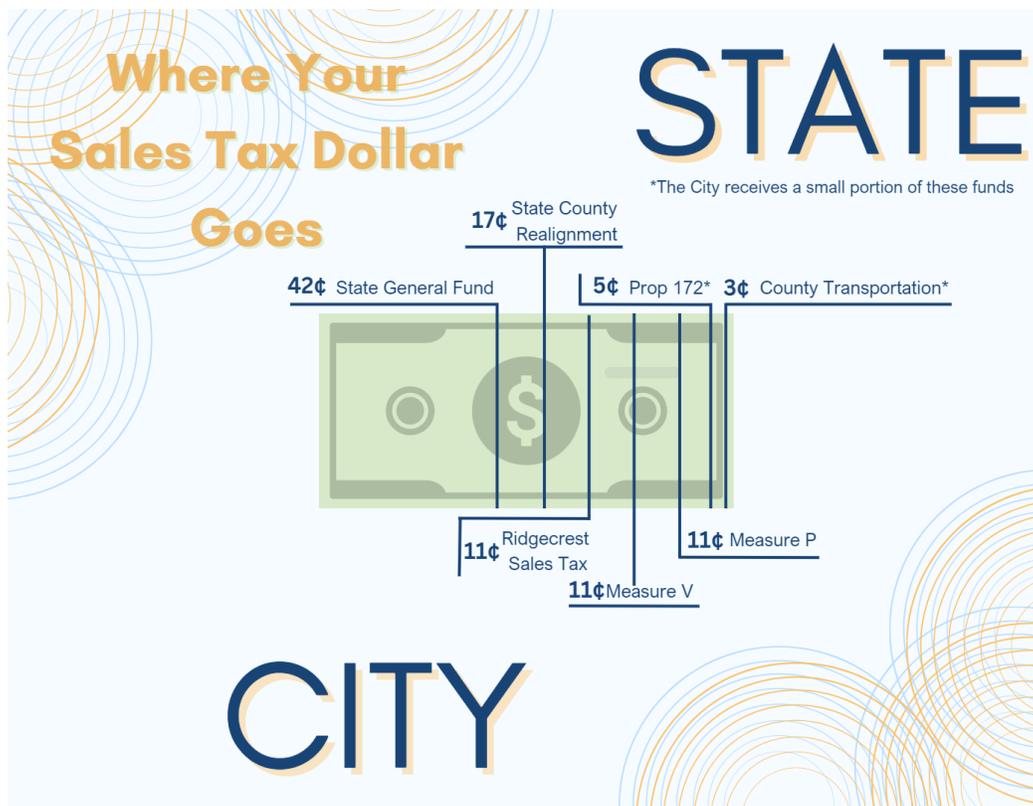

Measure V is a local option sales tax measure that was approved by the voters on November 2016, allowing the City of Ridgecrest to increase its sales tax to 1% for a term of 8 years. This measure superseded Measure L, which was also approved by the voters and had allowed the City to collect a sales tax of .75%. Measure L ended on March 31, 2017 and Measure V became

Overview of Major Revenue Sources

effective the next day, on April 1, 2017. Both Measure L and Measure V are earmarked for Public Safety and Streets & Roads Maintenance purposes.

MEASURE P SALES TAX

On November 8, 2022, City of Ridgecrest voters approved Measure P, enacting a one cent transaction and use tax. After engaging over 1,000 residents through the Ridgecrest Community Conversation, residents prioritized local funding needs for City services including public works and public safety services. These services include: fire protection services, restoring 4 police officer positions, rebuilding and maintain the Ridgecrest Community Pool (Pinney Pool), recruitment and retention of city service providers, and public outreach and events. Measure P requires accountability, including citizens' oversight, mandatory financial audits, and yearly reports to the community to ensure the funds are spent in a fiscally prudent manner.

FLEET MAINTENANCE

FY 2026 BUDGET SUMMARY

Allocation Method & Calculation:

Fleet Maintenance expenses are allocated to all departments who use its services. The Police Department does not use Fleet services as they are using an outside service provider. However, they are allocated for the cost of fuel used by their fleet. At the beginning of each month each department submits to the odometer readings for each of their vehicles to the Finance Department. For budgeting purposes, FY 2024 mileage is used to calculate the allocation by department. For this budget, the amount subject to be allocated is \$728,106; of that amount, \$277,401 is estimated to be the cost of fuel to be allocated. The allocation is performed in two steps. First, the fuel cost is allocated proportionally to all departments based on their mileage. The "Fuel" column below represents fuel allocation by department. The column "All Other ISF Costs" represents all costs minus the amount allocated cost of fuel in the fuel column. Since the Police Department does not use the fleet services, their mileage is not used or considered in the second allocation. Below is the calculation of the fleet allocation.

TRANSIT FUND

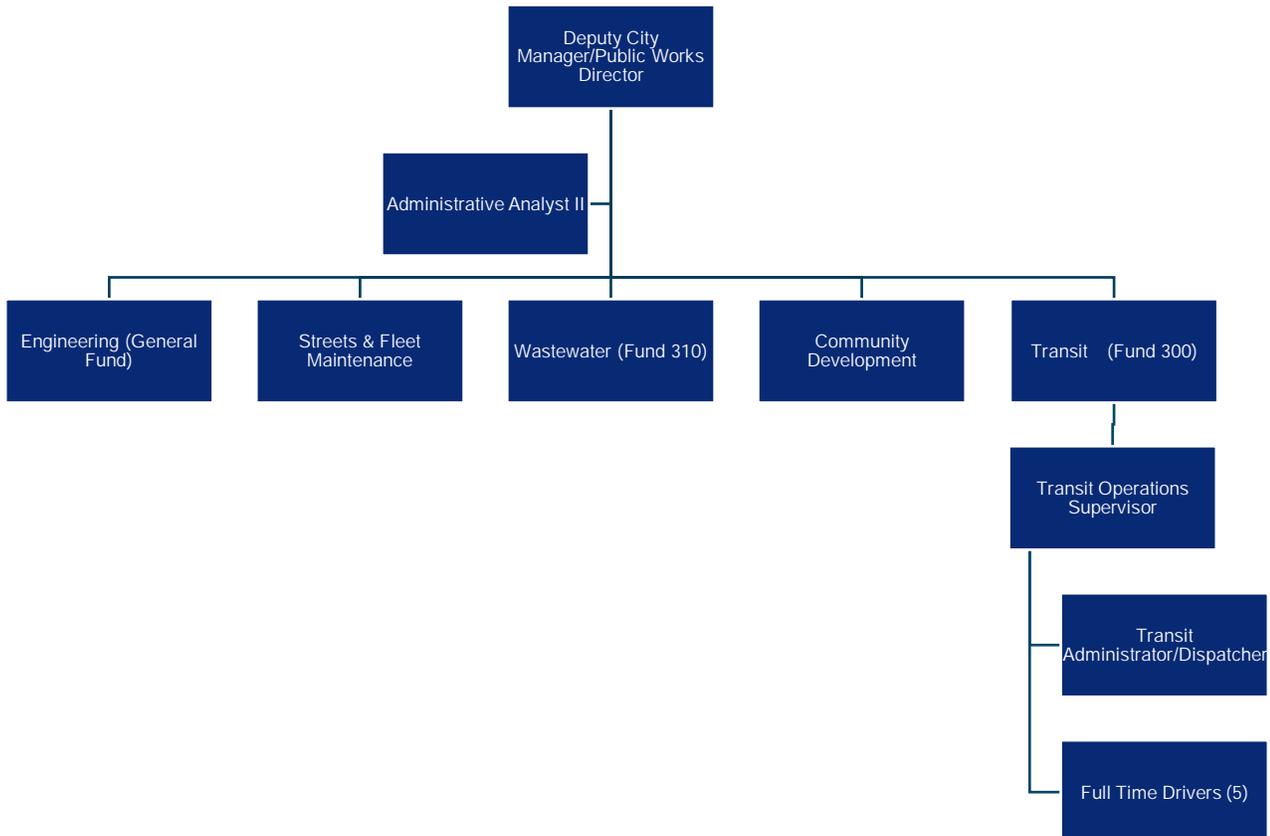

FY 2026 BUDGET SUMMARY

Department Overview:

The Transit division operates the Ridgecrest Transit System, which provides transportation within the City and its surrounding areas. Funding for this program is primarily from a restricted share of the State sales tax as well as a small share from passenger fares. The City remains aggressive in pursuing grant opportunities, we receive grants from FTA (5311 & 5339), and the State Transit Assistance program (STA), and a new funding source called “State of Good Repair” from SB-1. The system also receives reimbursement from Kern County for the cost of providing transportation to those who live outside the city limit. The system operates a demand response system within the city limit and a combination of deviated fixed route – demand response system for outside the city limit.

Department Goals:

Reduce travel times through effective route planning and utilization of route planning software, minimizing wait times. Increase accessibility with accessible vehicles and station designs, offering paratransit services, ensuring compliance with regulations, and offering reliable transportation to all City Residents.

MEASURE V FUNDING

FY 2026 BUDGET SUMMARY

Department Overview:

Measure V is a local option sales tax measure that was approved by the voters on November 2016, allowing the City of Ridgecrest to increase its sales tax to 1% for a term of 8 years. This measure superseded Measure L, which was also approved by the voters and had allowed the City to collect a sales tax of .75%. Measure L ended on March 31, 2017 and Measure V became effective the next day, on April 1, 2017. Both Measure L and Measure V are earmarked for Public Safety and Streets & Roads Maintenance purposes. Since Measure V is allocated to Police and Public Works in General Fund (Fund 100), streets and roads maintenance which is in Gas Tax Fund (Fund 102), and streets construction which is in Capital Projects Fund (Fund 118), this page will summarize all of them together by expenditure category as well as by functions. With Measure V revenue being tracked in General Fund, any “streets related” funding is shown as an interfund transfer. Lastly, a table will show how many employees by department are funded by the measure.

CITY OF RIDGECREST

ANNUAL BUDGET FY 2025-2026

Exhibit B - Administrative Purchasing Policy

EXHIBIT 'B'

ADMINISTRATIVE PURCHASING POLICY

Purpose

This defines the policies and procedures for the procurement of supplies, equipment, and services for the City and supersedes other policies and procedures related to purchasing.

I. Scope

The basic purchasing policy of the City is to obtain quality supplies, services, and equipment for the City's operation at the lowest cost through the use of quotes and competitive bidding whenever possible. The policies herein enumerated are within the scope of the duly revised official City/Agency budget.

II. Purchasing Authority

There are six positions authorized to make purchases: (1) Information Technology Manager, (2) City Clerk, (3) Department Heads, (4) Finance Director, (5) Deputy City Manager, and (6) City Manager. Limits prescribed herein shall be reviewed annually by the City Council and may be changed as occasion may require by Council Resolution.

- a. A Department Head may purchase supplies, equipment, or services needed for the department up to \$15,000, but purchases in excess of \$2,000 must be pursuant to a purchase order. In addition, a Department Head may delegate purchasing authority up to \$5,000 to management or supervisory level employees.
- b. The Finance Director and Deputy City Manager may purchase or approve for purchase supplies, equipment, or services for any department up to \$30,000.
- c. The City Manager may purchase or approve for purchase supplies, equipment, or services for any department up to \$50,000 or purchases above \$50,000 which have been approved within the budget.
- d. City Council shall award all public improvement contracts requiring formal sealed bids. The results of the bids, along with recommendations regarding results and awards, are to be submitted by the City Manager or designee to the City Council. The Council will declare the outcome of bids at public session.

III. Process

- a. Purchases of less than \$2,000 do not require comparative pricing. However, comparative pricing should be used whenever practical. Purchase orders may be issued regardless of the amount when required

- by the vendor or when the complexity of the contract demands a formal document for clarity.
- b. A purchase order is required for purchases where the estimated cost exceeds \$2,000. Cost of acquisition includes the cost of the item plus tax, shipping, or any other related expenses. Purchase order request must consist of at least three vendor quotes unless the vendor is considered a "sole source" supplier. Purchases are not to be split to circumvent these purchasing limits.
 - c. When seeking goods or services exceeding \$2,000, a purchase order is required, and the department is required to submit a purchase order request, including specifications, at least three quotes, and other supporting data, to the Finance Department before making the purchase. Upon approval, a purchase order will be issued.
 - d. In accordance with California Public Contract Code Section 22032, the following procedures shall apply to public projects:
 - i. Public projects of \$75,000 or less may be performed by City staff (force account), by negotiated contract, or by purchase order.
 - ii. Public projects of \$220,000 or less may be awarded using informal bidding procedures.
 - iii. Public projects exceeding \$220,000 shall be subject to formal bidding requirements, except as otherwise authorized by law or policy.

IV. Responsibilities of Departments

- a. Each Department Head shall ensure employees are following purchasing procedures in the department. Further, each department shall:
 - i. Verify that budget funds are available for items requisitioned.
 - ii. Consider the time required for the procurement process and plan for needs in advance so as not to create an artificial "emergency."
 - iii. Never "split" orders for the purpose of avoiding procurement requirements. Splitting a job to prevent bidding for a work of improvement is a felony and will be referred to the District Attorney by the City Attorney for prosecution.
 - iv. Never obligate the City to unauthorized commitments.
 - v. Purchase orders are to be issued BEFORE goods or services are purchased.

V. Purchasing Policies

- a. Ethics
In performing their duties under this policy, City Council members and employees shall observe conflicts of interest and procurement statutes. City Council members and employees shall consult with the City Attorney

concerning the City's interpretation of such laws. Violation of state laws pertaining to conflicts of interest or procurement will result in discipline up to termination. City Council members and employees shall follow the highest ethical standards in procurement. Employees may make purchases from relatives, other than spouses, with written authorization from the City Manager.

b. Vendor Requirements

Vendors doing business within the City of Ridgecrest must obtain a Ridgecrest City business license. All vendors must complete the vendor registration form (Attachment A) and an IRS form W-9, to be entered into the City of Ridgecrest Accounts Payable system for payment.

c. Request of a Purchase Order

When a purchase order is required, a purchase order request must be entered into the City's Purchasing system. The request must contain sufficient information to ensure the acquisition of the correct item(s), vendor quote information, and comments indicating the purpose of the requisition. The City's purchasing system manages account budgets on a line-item basis. If the purchase order request being entered will put an account over budget, a Budget Adjustment request (Attachment B) must be completed before issuing the purchase order. Those budgets that are managed at the project level require that project line items be within budget as well. The Finance Director may allow a budget override as long as such action would not put the fund over-budget when reasonably projected to the end of the fiscal year. Purchase orders will not be made utilizing accounts that are unrelated to the type of item or service being purchased.

d. Purchase Order

The purpose of a purchase order is to manage the budget, not to pay invoices. The purchase order number is generated by the Finance Department upon final approval and acceptance of the purchase order request. Upon completion of the purchase order, the Finance Department will distribute copies to the ordering department. The ordering department is responsible for forwarding the purchase order to the vendor/contractor.

e. Amendment to Purchase Order

It is sometimes necessary to change a purchase order after it has been issued. The three most common changes are monetary, time extension, and scope of work. Only the City Manager or Finance Director may approve a formal change to an existing purchase order. The requesting department must complete a purchase order change request noting that it

is for the purpose of a Contract Change Order. The purchase order change request must include a detailed description of the change/amendment. Upon approval by the Finance Director and/or City Manager, the requesting department will receive an amended purchase order reflecting the change(s). The requesting department is responsible for forwarding the change order to the vendor.

f. Open Purchase Order

Open purchase orders are entered into vendors that are expected to supply products or services to the City on an ongoing and/or regular basis throughout the year. Open purchase orders are closed at the conclusion of each fiscal year. A department must make a request to the Finance Department at the beginning of each fiscal year for an open purchase order to be issued for the new fiscal year.

g. Request for Proposal (RFP)/Request for Qualifications (RFQ)

In detail, the RFP/RFQ defines the terms, conditions, and specifications of goods or services required by the City. An RFP is primarily intended for large, complex projects where cost and performance are equally important. An RFQ is intended mainly for professional services. However, the RFP/RFQ may also be utilized for smaller projects. The RFP/RFQ will be used whenever the acquisition of goods or services is multi-faceted and carries a high possibility of liability for the City.

Two-step RFP/RFQ: in this case, pricing is not included in the RFP/RFQ but is submitted in a separate sealed envelope. Only after selection is made on the basis of the proposal is the favored bidder's pricing information opened. The other proposal's pricing envelopes are returned to the respective bidders unopened. Once a bid has been accepted, and a contract is signed, the money budgeted to fund the purchase is to be encumbered via a purchase order request.

h. Notice Inviting Sealed Proposals

The Notice Inviting Sealed Proposals (NISP) is prepared by the initiating division and is formal notification, through posting and advertisement by the City Clerk that the City is soliciting goods or services. This gives widespread exposure to the City's needs, expands the vendor base, and fulfills the legal responsibility of providing fair access to supplying the City's needs. The NISP must contain sufficient information to define the work and other details to the reader and the date and time at which the bids will be publicly opened and read. If expanded documentation is available, the NISP must indicate the cost, if any, plus the procedures for acquiring such documents (see II, c, City Manager Authorization).

Specifications and other relative data shall be sent to the City Manager, or his authorized representative, for approval before issuing a NISP. Upon approval by the City, the Notice will be prepared by the initiating department and forwarded to the City Clerk for publication. The City Clerk must receive the Notice at least six weeks before the date and time set for opening of bids.

Formal bid opening dates will be at a time, date, and location specified in the Notice. The City Clerk, or a designee, will publicly open and declare the content of bids received at the time and place specified in the Notice. Bids received after the appointed hour for opening will be returned unopened to the sender. The City Manager or City Council may reject all bids. In addition, the City may consider responsiveness to specifications, ability to render post-purchase service, and the life cycle cost of the equipment. Bid results will be made available to interested parties following the bid reading.

For public improvement projects in excess of \$50,000, the City Manager shall report the formal bidding results to the City Council along with recommendations regarding results and award. The Council will declare the outcome of bids at public session. If at least two bids are not received, the bid opening may be suspended pending City Council action. If the determination is made to open the sole original bid, or if no other bids are received during the bid extension, the Council may: 1) Re-advertise; 2) Order the work done by City employees; 3) Award the contract to the sole bidder based on a cost analysis evidencing the relationship of the one bid to expected market price, and 4) Negotiate a contract to the best advantage of the City.

i. Credit Card Purchase

For certain purchases, the use of a credit card is expedient and sometimes even necessary (e.g., car rental). Procedures for using City credit cards are described in the City's Credit Card Policy & Procedures guide.

j. Receiving of Goods/ Equipment

i. Inspection and Testing

All goods procured by the City shall be subject to inspection and/or testing upon receipt or completion by the department receiving the product to assure conformance with the specifications set forth in the order. If a product is determined to be unusable, it shall be rejected and returned to the vendor as the vendor directs and for credit or replacement at their expense. Items found not to

specifications but of limited usability may be conditionally accepted but only after renegotiation of the original contract.

- ii. The Finance Director or their designee shall have the authority to require chemical and physical tests or any other necessary tests to ensure full compliance with the specifications.
- iii. Acceptance
When goods have been received or a project has been completed to the satisfaction of the ordering department, and the specifications, the packing slip and/or other completion documentation shall be signed-off by the receiver/inspector. Information to be noted on the documents must include, as a minimum, the acceptor's signature and a legible rendering of their name and the date of receipt/completion. In addition, any deviation from the exact ordering specifications must be noted on the receiving/acceptance documents.

VI. Exceptions

- a. In case of emergency, the City Manager may authorize the Finance Director or designee to secure in the open market, at the lowest obtainable price, supplies, materials, equipment, or contractual services required, regardless of the amount of the expenditure. A breakdown in machinery or equipment resulting in the interruption of an essential service or a distinct threat to public health, safety, or welfare ("emergency") requires the immediate purchase of supplies, materials, equipment, or services. During an emergency, the affected department may purchase supplies, materials, equipment, or services after the department head has concluded that the purchase is essential to prevent delays that may adversely affect citizens' lives, health, or safety. As soon as possible, the department head shall provide a completed purchase order request to the Finance Director or designee and a full written explanation of the circumstances.
 - i. Nothing contained herein shall limit the authority of the director of emergency services or the City Manager to make purchases and take such other emergency steps as are, or maybe, authorized by the City Council in the case of a disaster or for civil defense.
- b. Occasionally, required supplies, material, equipment, or services are of a proprietary nature, or are otherwise of such specific design or construction, or are specifically desired for purposes of maintaining cost-effective system consistency, as to be available from only one source. After reasonable efforts to find alternative suppliers, the Finance Director or designee may dispense with the requirement of a minimum of three bids and recommend making the purchase from the sole source.

- c. The Finance Director or designee may join with other public jurisdictions in cooperative purchasing agreements. The Finance Director or designee may also buy directly from a vendor at a price established by competitive bidding by another public jurisdiction in substantial compliance with this policy, even if the City has not joined with that public agency in a formal agreement. The Finance Director or designee may also purchase from the United States of America or any state, municipality, or other public corporation or agency without following formal purchasing procedures as defined in this document.
- d. Local preference is the practice of procurement from vendors who are City taxpayers because it stimulates the City's economy. Purchase orders are issued based on quality, previous performance, ability to meet the contract requirements, availability of service and parts, delivery schedule, and payment terms/discounts. When these factors are equal except price, a preference will be given to local vendors at the discretion of the City Council or employee.

VII. Record Keeping

The original bid shall be filed with the Clerk, and the original documents will be filed with the Finance Department. When the purchase is final, all original documents shall be filed with the City Clerk. The Finance Department shall maintain purchasing records.

During the course of a Contract, the department will maintain records of contract administration. At the conclusion of the Contract, the original bids, specifications, and other pertinent data will be forwarded, with the request for final payment, to the Finance Department.

VIII. Payment Procedures

a. Request for Payment

Payments are generated as a result of either a Payment Request form (Attachment C) or an Invoice. The ordering/administering department is responsible for initiating payment requests for goods received and services rendered.

Upon completing the Payment Request Form, the requesting department shall forward the completed form and proper supporting documentation to Accounts Payable. CITY OF RIDGECREST

ANNUAL BUDGET FY 2025-2026

Exhibit C – Appropriations Limit FY2026

Exhibit “C”
Appropriations Limit
Fiscal Year 2026

BACKGROUND

The voters of California, during a special election in 1979, approved Article XIII-B of the California State Constitution (also known as Proposition 4, or the “Gann Limit Initiative”), which restricts the total amount of appropriations allowed in any given fiscal year from the “proceeds of taxes”.

In 1980, the State Legislative added Section 9710 to the Government Code that required the governing body of each local agency to establish, by resolution, an appropriations limit for the following year. The appropriations limit for any fiscal year was equal to the previous year’s limit, adjusted for population changes and the change in the U.S. Consumer Price Index (or California per Capita Personal Income, if smaller). The necessary statistical information is provided each year by the California State Department of Finance.

In June 1990, the voters modified the original Article XIII-B (Proposition 4/Gann Limit) with the passage of Proposition 111 and its implementing legislation (California Senate Bill 88). Beginning with the 1990-91 appropriations limit, a City may choose annual adjustment factors. The adjustment factors include the growth in the California Per Capita Income or the growth in the non-residential assessed valuation due to construction within the City, and the population growth within the County or the City. Under Proposition 4, if a city ends the fiscal year having more proceeds of taxes than the Limit allows, it must return the excess to the taxpayers within two years (either by reducing taxes levied or fees charged).
