CONTRACT
BETWEEN THE

2. Public Agency shall participate in the State Employees' Retirement System from and after September 20, 1965, making its employees as hereinafter provided, members of said System subject to all provisions of the State Employees' Retirement Law except such as apply only on election of a contracting agency and are not provided for herein and to all amendments to said Law hereafter enacted except such as by express provision thereof apply only on the election of contracting agencies.

 - c. Employees other than local safety members (herein referred to as miscellaneous members).

The following employees shall be excluded from membership in said Retirement System:

4. 1/60 shall be the fraction of final compensation to be provided for each year of credited current service as a miscellaneous member upon retirement at normal retirement age, subject, however, to the modification set forth in Paragraph 5 below.
5. The fraction of final compensation specified in Paragraph 4 shall be reduced in the case of each member whose position is covered by Federal Social Security to 1/90 for application to that part of final compensation

which does not exceed the monthly equivalent of the maximum annual amount included in "wages" under Section 209, Social Security Act, it being recognized that such maximum may be changed from time to time by amendment to said Social Security Act and intended that any such change subsequent to the effective date of this contract shall not affect the amount of any retirement allowance based on service during any period prior to the date of such change.

6. Benefits for miscellaneous members on account of each year of prior service shall be as provided in Section 21253, Government Code, except that the fraction of final compensation otherwise provided therein shall be reduced by $\frac{1}{3}$ for application to the first \$400 per month of final compensation in the case of each member whose position is covered by Federal Social Security.
7. Benefits for local safety members on account of prior service shall be 100% of the fraction of final compensation for each year of current service as determined for local safety members under said Retirement Law and this contract.
8. The retirement benefits payable upon retirement for ordinary disability shall not be affected by the modification provided in Paragraph 5 of this contract except that for the purposes of the limit on any such allowance imposed under Section 21297, Government Code, allowances for retirement for service shall be computed according to the modified formula set out in Paragraph 5 of the contract. All other provisions of this contract shall be fully applicable to the computation of allowances upon retirement for disability.
