<b>Rita Gable</b> City Clerk	<b>Rachel Ford</b> Deputy City Clerk
<b>Ann Taylor</b> Adm. Analyst III	<b>Craig Bradley</b> MIS Manager
<b>Karen Guidangen</b> Risk Management	<b>Starla Shaver</b> Adm. Analyst I

## City Manager

City Manager Mike Avery worked on an ordinance relating to residential eviction control for properties in foreclosure. California law permits owners of property acquired through foreclosure to evict tenants on 60 days notice, even though the tenants have performed as required under the lease. The rising number of foreclosures on residential buildings has led to an increased number of proposed tenant evictions. A local eviction control ordinance can protect tenants from these evictions. This topic was also discussed during the City Organization Committee meeting where we heard concern that banks and real estate companies in the community may not be favorable to an ordinance of this type. The City of Richmond ordinance as it was presented was an affirmative defense only and would not stop the eviction process. A tenant would still have to go to court and still have to have secure the services of an attorney. Our legal council offered to write an ordinance for our review. The TRANE project is projected to be split into 2 phases. Financial information was provided at the City Organization meeting. The finance will be through CEC. It is estimated that the city will spend on annual basis under \$200,000. The cost of the project is estimated at \$3M with a lending rate of 3.95%, which was recently reduced to 3%.

## Administration

Eva Peterson – Participated in planning meetings regarding the visitation of the Tepatitlan, Mexico delegates to Ridgecrest scheduled for September 28th through October 5th, 2009. City Hall will be officially welcoming the delegates to our city on September 29th with a BBQ luncheon and plaque presentation. Letters of invitation to the President of Tepatitlan and delegate members needing visas have been sent out. Additionally, Monthly Report, City Org draft minutes, meeting coordination for City Manager, specifically re-entering one-on-one's, reconciled Cal-card statements, Town Hall media reminder, calls to Council members regarding calling legislators on state budget, coordinated Supplemental Noise Study meeting and informed Council of Empire Challenge Leadership Social Event. Also had the opportunity to interview Councilmember Jerry Taylor for the September issue of the New Horizons September '09 issue.

Ann Taylor - have been listening to several webinars regarding the ARRA funds for energy efficiency. Also I have been researching other grants for the city. Currently making sure we are compliant with the grants we have received. Also preparing request for payment on the RouteMatch software.

# City Manager/Administration

Telephone 499-5004 - Fax 499-1500

Lauren Elliott - In the month of July, 15 new summer participants completed pre employment classes and all 15 began their work experiences throughout the community. The Y.E.S. staff has begun another session of pre-employment classes with 12 summer participants attending. Another 4 participants have begun new work experiences within the community. The Y.E.S. staff has continued to process more applicants through the approval process. Please remember, the interest you show today in our youth of this community will ultimately shape our community and our country tomorrow. Show a positive interest and secure all of our futures

Human Resources (Rachel Ford/Karen Guidangen) was active this past month with drafting the new Memorandum's of Understanding and Compensation Agreements for all employee groups. Agreements are currently in the final review and signature process. We are researching CalPERS procedures for Golden Handshakes and Karen Guidangen is busy learning the Fair Labor Standards Act; Family Medical Leave Act and Americans With Disabilities Act. Rachel is working on the annual EEO-4 Federal Diversity Report and helping Pat Anderson learn some of the Human Resources Functions so she can back up Karen and Rachel. Unum Life Insurance Open Enrollment is underway and any employees wishing to Add/Delete or Change their Unum Life Insurance Policy can make appointments with Human Resources by calling extension 5035 or 5036. CalPERS has announced the medical/dental open enrollment period as September 14 through October 9, so Human Resources will be sending out Flyers and information shortly. Risk Management has been active this period with a couple of new claims and Insurance Premium Renewals in addition to cross-training on Human Resources functions. Karen Guidangen is away on travel as she pursues her Profession Risk Management certification. City Clerk's office is gearing up for Rita Gable's retirement. We will be holding a special luncheon for Rita in September so keep an eye out for the flyers and announcements. Rachel will be attending her final Certified Municipal Clerk classes at UC Riverside in early September and will graduate on September 10. These are just a few of the things happening in Human Resources, Risk Management and City Clerk of-fice's the past few weeks. Have a great month.

***“Find the Phrase.”***

Every month, the City Manager’s page will reveal a phrase contained within the Monthly Report. The first City employee to call Eva Peterson (x5004) and identify the page and paragraph that contains the phrase will win a **PRIZE!** Below in the text box is the phrase for this month.

Badminton Camp

Flag Football Camp

# Day Camp 2009

This program is for youth ages 6 - 11. Camp provided boys and girls with a fun filled and informative summer. Some activities offered were swimming, bowling, movies, drama, crafts, games, and much more. Ten one-week sessions were offered. Program ran Monday through Friday from 7:00 a.m. to 5:30 p.m. at the Kerr McGee Community Center.

# Vandalism @ Upjohn Park

Upjohn Park was hit by Vandals this past month. The person(s) responsible broke into the valve boxes and damaged them making the timers not work. This created a pool of water throughout the park and along Upjohn Ave. The incident took place on a Thursday night and with maintenance staff having a furlough Friday the repairs could not take place until returning to work on Monday. The incident created numerous phone calls placed to the City Parks and Recreation Dept.

# RPD monthly report

Aug 2009

RPD monthly report

Congratulations to RPD! Job well done by Captain Paul Wheeler!! Ridgecrest Police Department has been awarded two grants. One is the COPS Hiring Recovery Program grant award for 2 officer positions. Federal funds are awarded over a three-year grant period for a total of \$506,424. The other is the FY09 Recovery Act Edward Byrne Memorial Justice Assistance Grant Program Local Solicitation in the amount of \$63,394 to be applied towards RPD's equipment for the "Narrowband Radio Project."

## *SUMMER TIME NEWS*

During the month of July, Ridgecrest Police Department and Alcohol Beverage Control Officers from Bakersfield conducted shoulder taps at 5 stores in town with a result of only 2 arrests. Several citizens were approached during these shoulder taps to purchase alcohol for a minor, however many denied to do so.

Overall, juvenile summer parties are at a low. During the month of July, RPD issued about twenty-two citations in relation to curfew violations.

**RONALD N. STRAND, Chief of Police**

**Press Release**

**DATE OF INCIDENT:** July 13, 2009

**TYPE OF INCIDENT:** PC 288(a) – Lewd Acts w/ Minor and PC 243.4(e)(1) – Sexual Battery

**LOCATION:** Residence in the City of Ridgecrest

**VICTIM:** 13 year old female

**SUSPECT:** Delgado, James Scott – 42 YOA

**RESUME OF INCIDENT**

On July 16, 2009, the Ridgecrest Police Department received a Child Protective Services (CPS) referral alleging possible sexual abuse of a minor. The referral indicated that 42 year old James Delgado allegedly sexually assaulted a 13 year old while she was staying the night at his residence with another member of his family.

Officer Hamilton interviewed the victim with the assistance of SART (Sexual Assault Response Team). The victim told Officer Hamilton that the allegations were true and that she was in fact sexually assaulted by Delgado.

Officer's Hamilton and Gillette interviewed Delgado at the Ridgecrest Police Department. During the interview probable cause was established and Delgado was subsequently arrested without incident. He was booked locally at KCJ-Ridgecrest for the above listed charges. His bail was set at \$55,000.

## INVESTIGATIONS

07-21-09 through 07-23-09, Investigations and CSU personnel participated in a Proactive Enforcement Detail in which seven drug related arrests were made. 28 marijuana plants, 2 grams of dried marijuana, .2grams of methamphetamine, and several items of drug paraphernalia were seized during the detail. Working with Probation and Parole Agents, several arrest warrants for probation violations were filed.

On 07-15-09, Detective Hanley and Detective Sloan investigated an apparent suicide with a firearm that occurred at 345 S. Warner St. Investigation is continuing, but preliminary results indicate suicide.

On 07-28-09, CSU contacted David Serna at 308 W. Wilson Ave. regarding failure to register as a sex offender. Serna had been living in Ridgecrest for several months and had failed to register as a sex offender with Kern County. Serna had been previously convicted of PC 261(a)(1), rape. Serna pled to 36 months (fixed term) in state prison.

---

## PACT

PACT volunteers worked a total of 676.5 hours during the month of July. PACT volunteers turned 3 Code Enforcement complaint forms in to Code Enforcement Officer Smith. PACT Graffiti removal team members also cleaned up 61 graffiti sites. PACT Animal Welfare welcomed two new members, Megan Koontz and Justin Olson-Smith and three new full PACT member, Eric Peetoom, Lavon Ostby and Maria Belen Alcivar this month.

**SUPPLEMENT TO RETURN A  
MONTHLY RETURN OF OFFENSES KNOWN TO POLICE**

INSTRUCTIONS: Total offenses recorded on this form should be the same as the number of actual offenses listed in column 4 of Return A (for each crime class). Include attempted crimes on this form and Return A.

This form deals with the nature of crime (type of act and place committed) and the value of property stolen and the amount recovered. Tally sheets for this form will be send upon request.

**PROPERTY BY TYPE AND VALUE**

Type of Property  (1)		Value of Property Stolen and Recovered In Your Jurisdiction	
		Stolen (2)	Recovered (3)
(A) Currency, Notes, etc.	01	391	
(B) Jewelry and Precious Metals	02	6,500	
(C) Clothing and Furs	03	1,075	
(D) Locally Stolen Motor Vehicles	04	13,000	13,000
(E) Office Equipment	05	4,500	700
(F) Televisions, Radios, Stereos, etc.	06	4,129	1,735
(G) Firearms	07	600	
(H) Household Goods	08	75	25
(I) Consumable Goods	09	17	5
(J) Livestock	10		
(K) Miscellaneous	11	42,027	585
<b>TOTAL</b>	<b>00</b>	72,314	16,050

NOTE: Total of column (2) should agree with grand total (DATA ENTRY 77) shown on page 2. In column (3) include all property recovered even though stolen in prior months. The above is an accounting for only that property stolen in your jurisdiction. This will include property recovered for you by other jurisdictions but not property you recover for them.

**INSTRUCTIONS FOR COMPLETION:**

**REPORT ONLY THOSE DOMESTIC VIOLENCE-RELATED CALLS FOR ASSISTANCE  
WHICH HAVE BEEN VERIFIED. SEE REVERSE SIDE OF THIS FORM FOR  
PENAL CODE STATUTES TO BE USED WHEN COMPLETING THIS FORM.**

1. Enter the total number of domestic violence-related calls that are received and verified by your agency in the "Total domestic violence calls received and verified" column. Of the "Total domestic violence calls received and verified," enter the number of cases involving weapons in the "Total cases in which weapons were involved" column.
2. Of the "Total cases in which weapons were involved," enter the subtotal for each weapon category. Firearm, knife or cutting instrument or other dangerous weapon shall be reported by type of weapon regardless of the outcome or injury. The use of a personal weapon, such as hands, fists, or feet, is to be reported as a weapon only if the assault resulted in severe or aggravated bodily injury
3. Complete one form for each month and submit the form with your "Return A - Monthly Return of Offenses Known to the Police."
4. If there are no calls received during the report period, write the word "NONE" across the face of this form and submit it with your "Return A."

Volunteers served eight subpoenas and attempted to serve thirty three more.

Five evidence runs were made to Bakersfield. Three runs to Riverside for siren and lights problems.

Ten volunteer hours were spent transporting patrol vehicles to the Sheriff's substation for radio frequency change.

PACT Code Enforcement Patrol Teams turned in two sign violation Code Enforcement complaint forms to the CE Officer; There was also one additional Nuisance Abatement violation forms also turned in.

Fifteen folks attended the monthly evening coffee, including Bob Smith who gave an oral report on Code Enforcement that PACT has turned in.

A total of 2037 carts have been rounded up so far since PACT started the round-ups.

PACT added three new volunteers in July, Welcome to Eric Peetoom, Lavon Ostby and Maria Belen Alcivar. There are two new AW volunteers, welcome to Megan Koontz and Justin Olson-Smith.

Two Victim letters were sent out for Neighborhood Watch.

Ten volunteers participated in the July 31<sup>st</sup> DUI Checkpoint.

Three volunteers participated in the July 1<sup>st</sup> surveillance of garbage trucks parked in front of City Hall.

Prepared by Nancy Young, PACT Coordinator

## Reserve Report for the Month of July 2009

The Reserve Officers achieved a total of 33 hours for the month of July. Officers Podell and Robbs contributed 10 and 9 hours respectively.

Reserve meetings accounted for 55 percent of administration time with 18 hours.

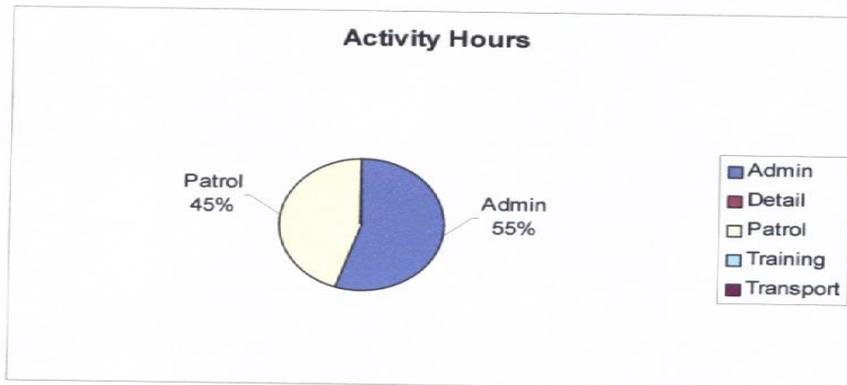

No Detail time was accumulated during the month.

Patrol time accounted for 45 percent of the total reserve hours, with Officers Podell and Robbs contributed 8 and 7 hours respectively.

There was no scheduled Range for the month of July, so no hours were accumulated for training.

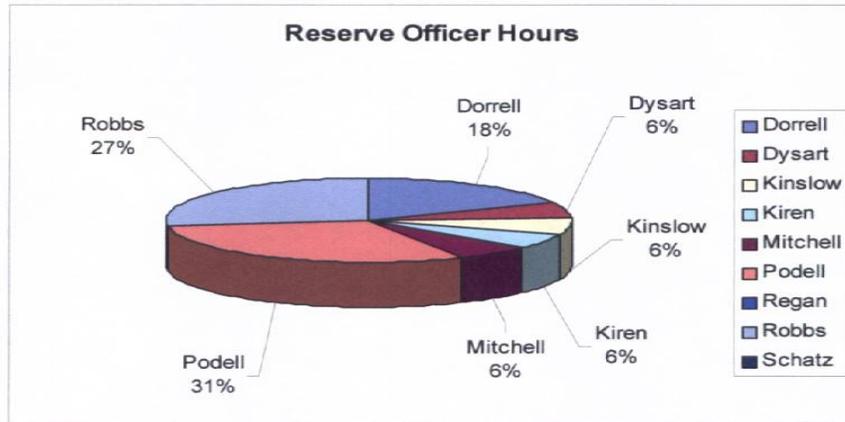

The following is a breakdown of the Reserve hours:

Administration	18.0 hours	55%
Details	0.0 hours	0%
Patrol	15.0 hours	45%
Training/Range	0.0 hours	0%

Reserve Officer hours for the month of July:

Dorrell	6.0 hours	18%
Dysart	2.0 hours	6%
Kinslow	2.0 hours	6%
Mitchell	2.0 hours	6%
Podell	10.0 hours	31%
Regan	0.0 hours	0%
Robbs	9.0 hours	27%
Schatz	0.0 hours	0%

# Finance Department

## July 2009

### Staff

Tyrell Staheli – Finance Director  
Tess Sloan – Controller  
Kristi Cole – Accountant  
Margaret Rana – Payroll  
Kelly Brewton – Accounts Payable  
Virginia Johnson – Account Clerk / Front Counter

Phone: (760) 499-5020

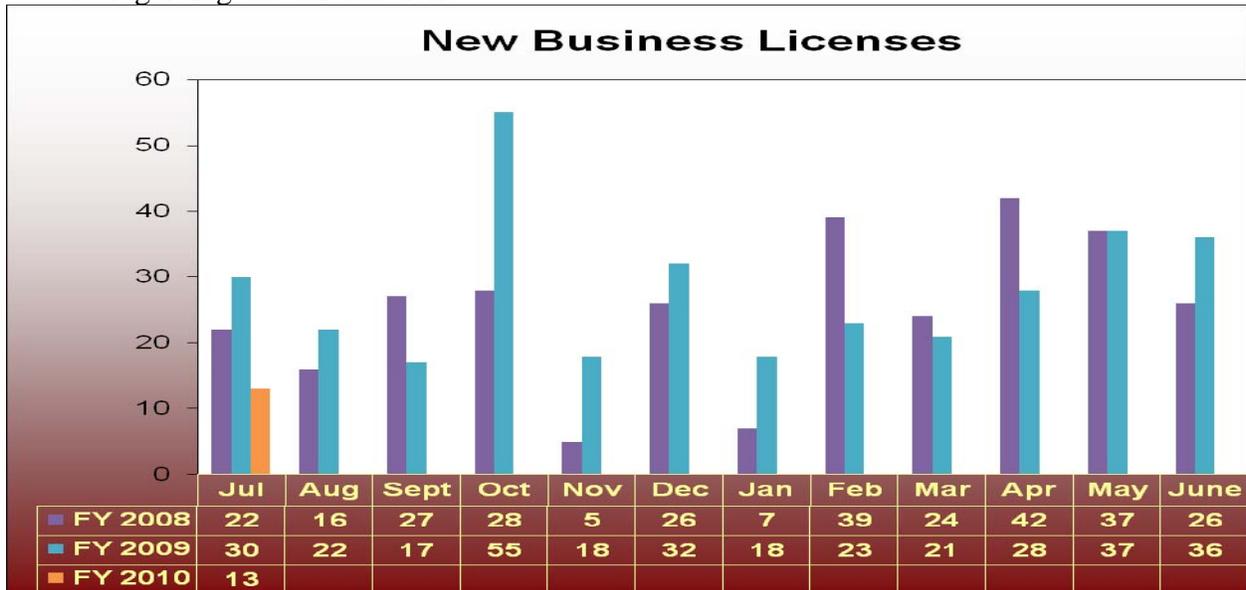

Fax: (760) 499-1520

Finance Division – July 2009

**FRONT COUNTER**

Business License – 13 new business licenses were processed in the month of July. Virginia redesigned the Business License form and added information on Sales Permits, Federal Tax id numbers, Fictitious Business Name Statements, as well as our Business License Fee Schedule on the back side of the last page of the application. She then submitted the updates for the website regarding this information.

Scanning – Holly (WIA) Scanned AP batches, new and update forms for 2009 Business Licenses, as well as miscellaneous scanning for APs. She also checked previous checks runs and rescanned invoices that had not been correctly scanned original (the back sides of invoices were missing).

Filing – Holly (WIA) refiled and organized the AP files for FY09.

Payments – Virginia processed and submitted the rabies and spay/neuter request from Jansen’s Animal Hospital for payment through Accounts Payable.

MIS – Virginia trained with Meela Dean in MIS to learn her duties in order to take them over starting August 1, 2009. Virginia will be working part-time for MIS and part-time for Finance starting August 1. To accommodate for this move, she submitted a list of her Finance department duties to Tess to review and decide which ones are to be moved to other people.

Miscellaneous projects – In addition to answering the phone, helping customers at the counter, and processing payments, Virginia updated monthly spreadsheets and distributed mail daily.

## Finance Division – July 2009

Virginia filed all month end, adjusting journal and budget adjustment batches. She has also been working on completing a Desk Manual for the Finance Clerk I position (front counter).

### July To Do List:

1. Complete W-9 scanning. (Holly – WIA)
2. Desk Book for Finance and MIS
3. Organize the conference room filing.
4. Complete FY10 filing set up.
5. Submit destruction list for City Council approval.

### ACCOUNTS PAYABLE

- All payables must be received no later than 10 am on the Thursday before the check run, unless otherwise specified.  
~If there is something that needs be paid with the next check run and you will be unable to get it to AP's by the deadline, arrangements must be made **prior** to the deadline. We will not accept any request made after the deadline and invoice payment will be made the following check run.
- When you receive utility bills get them coded, signed and return to Account Payables the next business day. We try to get the utilities put in the blue inter-department envelopes so please pay close attention to these.

## Finance Division – July 2009

---

- Receipts need to be turned in no more than 5 business days after date of purchase (excluding Cal Card-see below).
- Cal-Card: Hold on to receipts until you receive the Cal Card statement then send receipts along with the coded and signed statement to AP's within 5 business days of receiving.
- Write description of what was purchased if it is not clearly stated on the receipt. Do not write over descriptions on receipts. If there is no room on the receipt you may write it on the back of the receipt or you may tape it to a piece of paper (just make sure that the receipt is taped at the top of the paper) to write the description on or you may write it on the back of the receipt.
- Keep receipts away from heat and do not highlight receipts, as most receipts are now printed on thermal paper and the heat turns them black and highlighter erases the text.
- When submitting travels: If a registration check and advance check are needed, please submit 2 copies one with the employee name highlighted, and one with the registration highlighted.
- If submitting a check request in which back up needs to be sent with the check, include an additional copy. If an additional copy is not attached, nothing will be sent with the check.
- Remember all Account Payable documents are now scanned, so please try to remove as many staples as possible and use paper clips to keep papers together, if they are tiny receipts you may staple them and we will take the staples out. You also may tape them to a larger sheet of paper just make sure that the receipt is taped at the top of the paper.
- Prior to using a vendor check to see if they are an active vendor in our system, if they are not please obtain a w-9 prior to purchase or services.
- Remember any purchase or service costing over \$2000 will need a purchase order and needs to be completed before the purchase is made or services are rendered.

### Check pick up

- Checks are generally ready for pick up at 4pm on the Thursday of the check run. If you have checks you need to pick up please send me an e-mail to let me know what checks you need and I will contact you as soon as they are ready for pick up.
- If a vendor wants to pick up a check, arrangements must be made with me no later than Wednesday of the check run, they can pick them up after 4pm on the Thursday or if they leave a phone number; I will contact them once the check is ready for pick up.

### Work Completed July 2009:

1. Processed and paid 2,308 invoices
2. Processed a total of 1,036 checks
3. Paid out \$746,592.70 to vendors

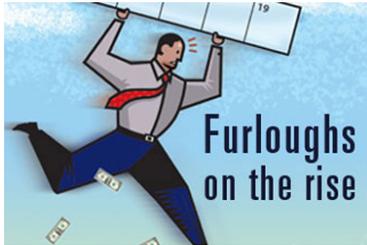

## Finance Division – July 2009

---

### **PAYROLL**

The new item for this month and for this fiscal year is FURLOUGHS!

Furlough days have started and if you look at your paystub, you will notice a “box” at the top that says “Furlough Hours Remaining”. This number started as 208 hours and will decrease as employee uses the hours. The code for Furlough Hours is “F1”.

Since we are working two 36 hour weeks now that the Furloughs have been implemented, we also have new deadlines. For payroll,

- Departments must have their hours entered and time sheets turned in to payroll by 10:00 A.M. on Thursday, the week prior to payroll.
- Checks/Direct Deposits will be distributed to the departments at 4:00 P.M. the following Thursday, one hour earlier than in the past.
- All changes/updates from HR have to be entered or given to payroll by 10:00 A.M. on Wednesday, the week before payroll.

### **ACCOUNTING SERVICES**

With the start of the new year, there is lots of work to reconcile and close out FY09 accounts. Much of Kristi’s time between the start of the fiscal year on July 1<sup>st</sup> and the yearly audit the first week of October will be spent trying to reconcile accounts and make sure that everything balances and is ready for the auditors. She is also starting to work on designing the cover of this year’s CAFR.

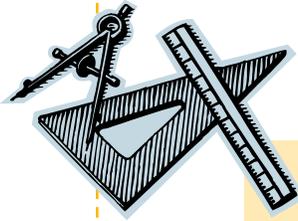

#### On-going duties

- Assisted City Controller with month end processes for closing the accounting period – bank recons, various allocations.
- Verified edits for Accounts Payable.
- LAIF investment transfers.
- Prepared and sent out billing to Kern County for the Transit System services and Senior Center charges and rent.

# Public Works Monthly Report

Special points of interest:

## MICROSURFACING

### What is Microsurfacing?

One of the most versatile tools in the road maintenance arsenal, Microsurfacing is a polymer-modified cold-mix paving system that can remedy a broad range of problems on today's streets, highways, and airfields. Like its parent product, slurry seal, Microsurfacing begins as a mixture of dense -graded aggregate, asphalt emulsion, water, and mineral fillers. While

conventional slurry seal is used around the world as an economical treatment for sealing and extending the service life of both urban and rural roads, Microsurfacing has added capabilities, thanks to the use of high-quality, carefully monitored materials, including advanced polymers and other modern additives.

### A History of Expanding Service

Microsurfacing was pioneered in Germany in the late 1960s and early 1970s. German scientists began experimenting with conventional slurry to find a way to use it in thicker applications which could be applied in narrow courses for wheel ruts, and not destroy the expensive road striping lines on the autobahns. When the scientists used highly selected aggregates and bitumen, and

## Wastewater Treatment

The City of Ridgcrest WWTF operated within design and compliance directives issued under Board Order No. 6-00-56. The treatment facility operated with no discharge violations or abnormal conditions. The Department inspected and passed (2) new connection to the sanitary sewer system. The department also responded to (5) requests for service (2) odor complaints, (2) requests for treatment of

the sewage collection system for roach control, and (1) main line stoppage that was cleared by the department. The Department performed periodic maintenance on Auger / Grinder No. 2; the department also installed new metal corner plates on clarifiers No. 1 & 2 The reclamation department reclaimed 7.5 million gallons of secondary effluent for use as fodder crop irrigation. The Department is in the process of

treating ail man holes in the city with boric acid for vector control of roaches. The Department hydro flushed 13,063 ft. of main line sewer as preventative maintenance.

## TRANSIT DEPARTMENT IMPLEMENTS NEW SOFTWARE SYSTEM

then incorporated special polymers and emulsifiers that allowed the product to remain stable even when applied in multi-stone thicknesses, the result was Microsurfacing. Introduced in the United States in 1980, Microsurfacing now is recognized not only as the most cost-effective way to treat the surface wheel-rutting problem, but also a variety of other road surface problems. Microsurfacing is now used throughout Europe, the United States, and Australia and is making inroads into many other areas.

### How is Microsurfacing Made and Applied?

Microsurfacing is made and applied to existing pavements by a specialist machine, which carries all components, mixes them on site, and spreads the mixture onto the road surface. Materials are continuously and accurately measured, and then thoroughly combined in the Microsurfacing machine's mixer. As the machine moves forward, the mixture is continuously fed into a full-width "surfacing" box which spreads the width of a traffic lane in a single pass. Or specially engineered "rut" boxes, designed to deliver the largest aggregate particles into the deepest part of the rut to give maximum stability in the wheel path, may be used. Edges of the Microsurfacing are automatically

feathered. The new surface is initially a dark brown color and changes to the finished black surface as the water is chemically ejected and the surface cures, permitting traffic within one hour in most cases. Continuous-load pavers utilize support units which bring the materials to the job site and load the machine while it is working, thus maximizing production and minimizing transverse joints.

### A Proven Problem Solver

Using various design mixes, techniques, and equipment, Microsurfacing can be used successfully in these situations:

- In quick-traffic applications as thin as 3/8 inch (9.5mm), Microsurfacing can increase skid resistance, color contrast, surface restoration, and service life to high-speed roadways (interstates and autobahns). Such projects are often reopened to traffic within an hour.
- Modern, continuous-load pavers can lay 500 tons of Microsurfacing per day, with no long traffic delays. This equates to an average 6.6 lane miles (10.6 lane kilometers) per day for surfacing applications.
- On airfields, dense-graded Microsurfacing produces a skid-resistant surface without loose rock that damages aircraft engines.

- As a thin, restorative surface source on urban arterials and heavy traffic intersections, Microsurfacing does not alter drainage; there is no loss of curb reveal.

- Microsurfacing is applied to problem sections of roads or runways to eliminate hydroplaning problems that occur during periods of rain. The Microsurfacing restores the proper surface profile and makes the area safe to use.

- Because Microsurfacing can be effectively applied to most surfaces at 3/8 inches (9.5mm) or less, more area per ton of mix is covered, resulting in cost-effective surfacing.

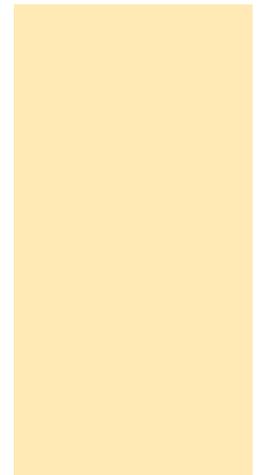

- Microsurfacing creates a new, stable surface that is resistant to rutting and shoving in summer and to cracking in winter.

- Applied to both asphalt and Portland cement concrete surfaces (usually preceded by a tack coat on concrete), Microsurfacing is often used to restore a skid-resistant surface to slick bridge decking with minimum added dead weight.

- Used as a scratch (leveling) course, to be fol-

**Rough Roads  
Costing Motorists**

(Continued from page 2)

lowed by a surface course, Microsurfacing can provide transverse surface leveling.

- Because of its quick-traffic properties, Microsurfacing can be applied in a broad range of temperature and weather conditions, effectively lengthening the paving season. It is particularly suitable for night applications on heavy-traffic streets, highways, and airfields.

- Applied at ambient temperatures, Microsurfacing has low energy requirements. And it is environmentally safe, emitting no pollutants.

- Microsurfacing's life expectancy usually exceeds seven years.

- Capable of filling wheel ruts up to 1-1/2 inches (38mm) deep when the pavement has stabilized and is not subject to plastic deformation, Microsurfacing has the unique ability to solve this problem without milling.

**A Product of Quality**

Successful Microsurfacing incorporates carefully selected materials, scientific mix designs, advanced technical specifications, and problem field practices. Microsurfacing begins with the selection of high-quality materials - asphalt, aggregate, emulsifiers, water, and additives - which must pass special laboratory tests, both individual and when combined, as a Microsurfacing system. The International Slurry Surfacing Association's (ISSA) broad range of specialized mix design tests help to insure that the mixture has these Micro-

surfacing characteristics:

1. Is capable of being spread in various thick cross-sections (wedges, ruts, scratch course), which
2. After initial traffic consolidation, does not further compact (i.e. resists compaction) throughout the entire design tolerance range of bitumen content and variable thicknesses to be encountered, and
3. Maintains good macro-texture (high wet coefficient of friction) in variable thick sections throughout the service life of the Microsurfacing.

Microsurfacing in Ridgecrest on our local street at Appalosa Ave.

## PUBLIC SERVICES DEPARTMENT

**JULY** was again devoted to the California Integrated Waste Management Board and four Major Tasks required by the Local Assistance Plan.

- \*Mandatory Residential Curbside Pick-up and Recycling
- \*Commercial and On-Site Cardboard Pilot Program
- \*Mini Recycling Center & Drop Off Facility Corporate Yards
- \*Materials Recovery Facility (MRF) Feasibility Study

The City Council passed Resolution 09-36 declaring its intention to enter into agreement with Benz Sanitation for the implementation of mandatory commercial and residential recycling and solid waste collection. Several meetings have been held with the franchisee. A tentative draft agreement has been finalized and is being reviewed by the City Attorney. Residential Property Owners may still self-haul to the Ridgcrest Sanitation Landfill and recycle at any approved drop off center or buy back center, but must subscribe to the Mandatory Universal Service Program.

Effective August 01 Commercial, Multi-family, Institutional and Industrial Property Owners must subscribe and participate in a on-site recycling Service Program. A pilot program was initiated at four locations with the assistance of local business owners.

Mini Recycling Center & Drop Off Facility located at the west side of the Corporate Yard at 656 W. Ridgcrest Blvd. will open the week of August 01. Operation is limited to day light hours.

The City Council on July 15th, authorized a Professional Service Agreement with Shaw Environmental Inc. to complete a Materials Recovery Facility (MRF) Feasibility Study as mandated by the CIWMB.

**PLANNING COMMISSION:**

**July 14, 2009**

**Draft General Plan Land Use Element revisions**

In anticipation of the September 22, 2009 public hearing to consider the new Draft General Plan, the Planning Commission held a study session to consider various GPAC recommendations upon the Draft Land Use Map.

It was decided to create a new Residential General Plan designation RT, (Residential Ten thousand square foot minimum lot size. This designation was determined necessary within the southern portion of the City in order to properly reflect the area of home lots found within existing subdivisions.

The Planning commission determined that the city owned property between Ridgcrest Blvd. and Las Flores should remain as recommended by GPAC low density, single family on the northern portion and commercial within the southern portion.

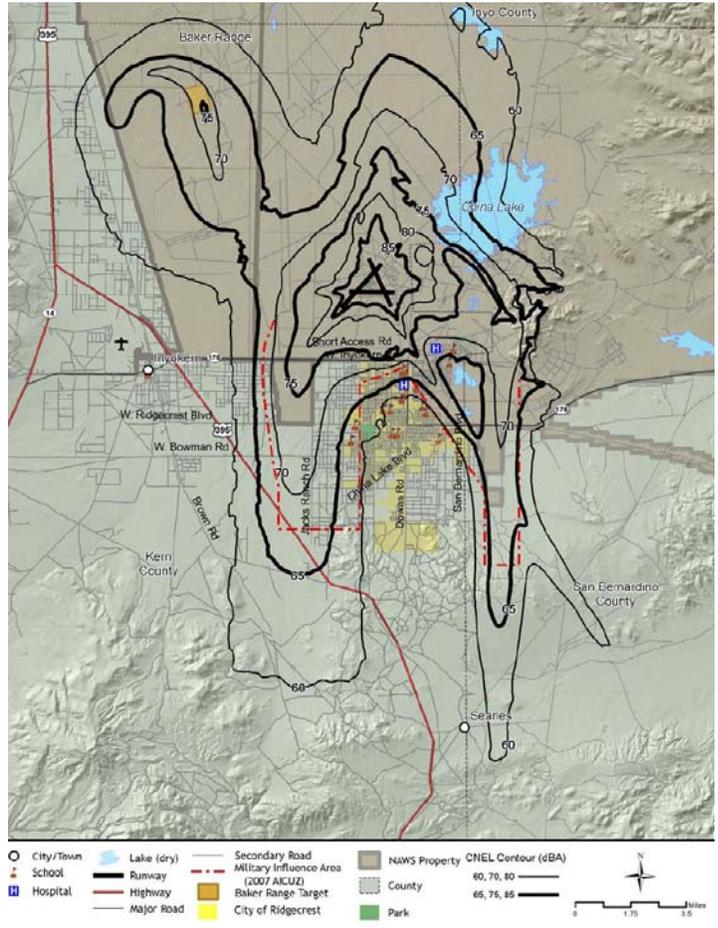

**Updated Noise Contour Map from NAWS**

The Planning Commission received new noise contour maps from the Naval Air Weapons Station, China Lake. These maps have been developed using the most current noise data available on the JSF and using the navy’s existing modeling analysis tool. The Nave is currently scrutinizing the JSF noise data and is developing a new noise analysis methodology called the Advanced Acoustical model. As such, future aircraft noise modeling may produce slightly different noise contours than those presented in these maps.

Since the noise maps represent the best data available for characterizing the current and prospective noise environment associated with on-going flight operations at NAWS, the Navy recommends that the City use this data for its near term planning purposes.

The new noise contours are significantly larger than those presented in the 2007 AICUZ. Therefore, the Navy has requested additional funding to complete a new AICUZ report fro NAWS using the latest JSF noise data and Advanced Acoustical Model. This sounding is hoped to be

procured by September 2009 with the study completed soon thereafter.

**General Plan Review, Approval & Adoption Process**

The Planning Commission considered and approved a table outlining the steps considered necessary during the next several months recommended for the review, approval and adoption of the new General Plan. The schedule can be seen on the following page.

## City of Ridgecrest General Plan Review, Approval and Adoption Process

Date	Actions/Activities	Responsibility
1	JULY 31 – AUG 7 City Staff Review of <b>Administrative Final EIR</b>	City Staff
2	AUG 10 – AUG 14 EIR consultant prepares revisions if necessary per City direction	EIR Consultant
3	AUG 11 Planning Commission Discussion re: Draft Land Use, Open Space & Conservation and Health & Safety Elements	Planning Commission
4	AUG 12 & 13 GPAC Ad Hoc Committee to Review Draft Design Element	GPAC
5	AUG 17 Publication, and online availability of <b>Final EIR</b>	City Staff
6	AUG 19 City sends <b>Public Hearing Notices</b> for Planning Commission and City Council hearings to newspaper	City Staff
7	AUG 25 Planning Commission Discussion re: Military Sustainability and Circulation Elements	Planning Commission
8	SEPTEMBER 1 <b>General Plan Advisory Committee (GPAC) Meeting #15</b> Review & Confirm Comments to Public Draft General Plan / EIR	GPAC
9	OCTOBER 13 <b>Planning Commission Public Hearing</b> to recommend Certification of EIR and Adoption of General Plan	Planning Commission
10	OCTOBER 27 <b>Planning Commission Continued Public Hearing</b> to recommend Certification of EIR	Planning Commission
11	NOVEMBER 4 <b>City Council Public Hearing</b> to consider certification of General Plan EIR, and Adoption of General Plan	City Council
12	NOVEMBER 18 <b>City Council Continued Public Hearing</b> to consider certification of General Plan EIR, and Adoption of General Plan (if needed)	City Council
13	DECEMBER 8 Adopted General Plan Published	City Staff
