

RESOLUTION NO. 190

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF RIDGECREST AMENDING RESOLUTION NO. 86 REGARDING SIZE AND SHAPE OF CROSS-GUTTERS AS SHOWN IN THE "STANDARD SPECIFICATIONS"

WHEREAS, the City Council of the City of Ridgecrest in Resolution No. 86 adopted "Standard Specifications" governing construction on public property, and

WHEREAS, the City Council of the City of Ridgecrest wishes to amend said Resolution to change the Standard Specification for cross-gutters,

NOW, THEREFORE, the City Council of the City of Ridgecrest resolves:

1. That Standard Specification No. S-5a shall be amended to provide that the standard for residential street cross-gutters shall be eight (8)-feet wide and shall have a concave surface with a radius of 40 feet plus or minus.

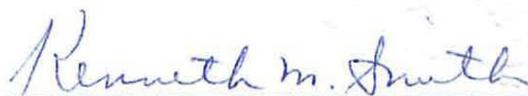

2. That Standard Specification No. S-5a shall be amended to provide that the standard for secondary and primary street cross-gutters shall be ten (10)-feet wide and shall have a concave surface with a radius of 40 feet plus or minus.

APPROVED AND ADOPTED THIS 18th day of May, 1967.

AYES: Mayor Smith, Councilmen Fox, Jules, Kessler and Shacklett
