## Press Release

The future of our community is important and as our community grows and changes, we the members of our community notice the changes too. The Ridgecrest City Council is taking a proactive step to discuss nullification of gang development within our community by forming a City sponsored task force.

ACTION, Activate Community Talents & Interventions for Optimal Neighborhoods, is a proactive approach to a safe community. In order for this program to be successful in addressing gang type activity, it is vital to get the community involve. Therefore, the ACTION Task Force will be holding a Town Hall Meeting on April 9, 2007, at 6:00 pm, at the Kerr McGee Center.

The Committee encourages all community members to come and participate, share your ideas, and be part a long term solution. Together, we can make a positive change to the safety of our community and youth.
