Press Release

DATE OF EVENT: **1/20/2015**

TYPE OF EVENT: **Unsafe and Dangerous Building Abated in Ridgecrest Neighborhood**

LOCATION: **1424 W. St. George Ave.**

.

On or about April 2011, the property located at 1424 W. St. George Ave. caught fire and was deemed uninhabitable due to the extensive damage. The property owner had been contacted on several occasions to have the mobile home and debris removed from the property, and recently sold the property to a local Ridgecrest resident. On January 20, 2015 an inspection of the property revealed the burned out structure completely removed as well as all debris, and the new owner plans on installing a new mobile home on the property in the near future. The Ridgecrest Police Department and Code Enforcement Division would like to thank the new property owner for his effort and cooperation in abating this unsafe and dangerous building, making Ridgecrest a safer and more beautiful place to live.

Attached are before and after photos of the property. Please contact Code Enforcement Officer Booth for further information concerning this abatement at (760) 499-5118.
